

REMARKS

Upon a review of the examiner's interview summary and amendment to the record which were provided with the Notice of Allowance, mailed January 27, 2009, the following observations were noted.

The interview summary correctly reflects the content of the telephonic interview of January 15, 2009, and the follow-up conversation of January 16, 2009. However, the Examiner's amendment on page 2 of the Notice of Allowance, mailed January 27, 2009 is silent with respect to the amendment to claim 8. In claim 8, line 1, after "claim", the number [1] should be deleted and replaced by -10- to thereby depend from claim 10. A reiteration of the claims which more completely reflects the agreed to amendments, as set forth in the interview summary, has been provided herein.

Accordingly, the potential for errors to occur in the claims during the publication of the patent to be issued in the instant application should be minimal.

Respectfully submitted,
/Michael J. Balconi-Lamica/
